

Career Overview

At Intellis, our team comes first. How so? We believe, if our employees are provided an atmosphere of trust, loyalty, appreciation, and stability, great results follow. Intellis' highest goal is to recruit, develop and retain high performing, collaborative and responsible talent.

We believe in a culture of setting and fostering a collaborative tone and empowering team members by inspiring and encouraging the shared values of responsibility, passion, innovation and honesty.

Intellis provides forward thinking, cutting-edge education to support you in staying sharp in your chosen field. The right tools to accomplish your assignment, technical equipment, dual monitor, and dedicated assistance to provide feedback and answer questions that enable you to meet your metrics on your timeline. We also take a further step in giving you the autonomy to speak your mind and be heard at every level of the organization through our internal communication platform. You are encouraged to collaborate, create solutions, and implement ideas for full circle success.

Become part of a rapidly expanding dynamic community where you can grow your career, have a fulfilling work/life balance, have the freedom to express your creativity and ideas as well as mentor other aspiring colleagues. When you start your day at Intellis, you will end it feeling satisfied, accomplished, and appreciated for your hard work, dedication and commitment. On the right are additional offerings we are excited to share with you!

About Us Our Mission

To improve lives by improving clinical data quality and be the leading subject matter experts in healthcare. In Talent Acquisition our goal is to support that by finding the brightest, most talented and passionate professionals who will help us in that mission.

Our Values & Culture

What distinguishes us from other organizations in the healthcare industry is our attitude towards others. Our core values consist of passion for knowledge, honesty, integrity, and accountability for excellence. We share a self-competitive attitude in our personal race for enhanced results and push ourselves every day to make this one better than the last. While competition spurs us forward, we also realize that our team, as a whole, crosses the finish line together. Whether working remotely or on location, we are all united in our challenges and elevated through our mutual success. No one is left behind, and everyone is family. We treat each other with dignity and respect which is a required expectation that runs throughout the organization at every level. Working hard to increase the quality of healthcare is vital to each one of us. We believe, when you work for the good of the one it attains good for us all. That is the Intellis full circle approach. We are proud of what we have accomplished together and excited in our shared future.
